Maybe you can follow up on this tomorrow. No matter their spin, this is a politically charged topic.

He and Marissa had brief discussion about it and she was planning on informing him to gather more info from Jon Schmitt (eg. What sort of questions will you have, what is your angle, etc.)

She was also going to suggest to have Rob Koumal be a resource.

**Subject:** documentary project

Hello,

My name is Jon Schmitt and I'm a filmmaker working on a documentary about No More Deaths in Ajo. One of the subjects that's come up in the pre-production is the occasional cooperation between the Pima County Sheriff's Dept. and NMD's when human remains are found in the desert. I was wondering if PCSD would be willing to have a representative interviewed for the film about this cooperation when my crew is out in AZ in mid-July (7/15-7/23). I'd be happy to supply any more information about the project you may need.

Best,

Jon Schmitt
